

THIS SHOW USES LASERS!

Don't worry, these lasers are safe and compliant with 21CFR1040.10 and IEC 60825-1 and are being controlled by a trained and varianced laser operator.

The lasers used in today's show are Class 4, < ___ watts and use DPSS and/or direct injection diode lasers in the range of 405-660nm.
Report any beam access to the laser operator.

ENJOY THE SHOW!
